

7 reasons to be part of IUCAB B2B platform

Your chance to find new business and increase your visibility

- 1** You can **actively search for new representatives with an application**. Companies that place an advertisement that matches your profile will see your request after and as long as the advertisement has been placed.
- 2** With the **E-Mail Push Notification** you will be informed by email **5 days before online publication of new and suitable advertisements** from manufacturers looking for commercial agents matching your qualification. Use the search function to search through all other advertisements at any time.
- 3** With an up-to-date and complete profile you maintain an **overview of the market**.
- 4** You can **qualify** your company profile **according to product ranges and products and customers and buyers**.
- 5** With your free account, you can **search for and network with other association members** in your country.
- 6** Use the **public profile** to be **found by buyers worldwide**. The public profile is a kind of "social website for commercial agents" consisting of a profile page and posts that are technically optimized for search engines (unlike LinkedIn, Facebook, etc). **Because IUCAB B2B platforms are highly relevant for Google, the individual public profiles are also found better on the Internet.** And if you link your public profile to your own homepage, your website will also benefit
- 7** Are you looking for a subagency? Members who wish to assign subagencies pay **50% of the basic price for advertisements**.
